Hi, Doug:

Attached is a summary description of sites, OUs and work at and near the Silver Bow Creek/Butte Area site. If you are at your desk, I thought I could share the presentation on screen and go through it with you since I don't have a fully revised version yet. We can talk through it as we revise it. You can call my office when you're ready to start the meeting (406.457.5039).

Thanks,

Joe
